

## Welcome Back

We hope you have had a relaxed Christmas break and are ready for the term ahead. I would like to take this opportunity to welcome Miss Meggit, Miss Cannan and Miss Shuttleworth to our team.

## Literacy and Communication

This term we will look at the stories Incy Wincy Spider, Rain before Rainbows and Storm Whale. We will look at sequencing events and composing sentences.

The core word curriculum focuses are 'where' and 'on'.

## For Your Information

Please could you ensure your child has spare changes of clothes in school, a change of shoes (wellies), wipes and any nappies as appropriate.

# Wild Weather

## How Does Weather Change Things?

### Numeracy

In numeracy this half term, we will again look at consolidating and building upon our knowledge of numbers. This will be through number songs or activities within our numeracy area of the classroom. We will look at time, through sequencing and telling time.

### Topic

As our topic is based on the weather, we will use this alongside our theme of the week to guide our sensory science, art, music and attention autism sessions. Our P.E. sessions will continue to work on development of gross motor skills, balance and coordination.

## Dates for Your Diary

22.01.2026-Smile team in SPC  
23.01.2026- Dress Down Day
